DISTRICT RIGHTS & RESPONSIBILITIES
An education in the Mansfield Public Schools is the right of every resident in the Town of Mansfield. Students have the right to be treated fairly and humanely and in a manner that adheres to the spirit and intent of all rights granted in the laws of the Commonwealth of Massachusetts and in the Constitution of the United State of America.

All students are required to conduct themselves in an appropriate manner with respect for themselves, their fellow students, and all other members of the school community, including but not limited to: aides, administrators, bus drivers, cafeteria workers, custodians, librarians, monitors, secretaries, substitutes, and teachers.

Students have a responsibility to observe the rules and regulations of the Mansfield Public Schools. The principal makes these rules and regulations with the advice of the principal's assistants, teachers, students and parents.

The principal is responsible for maintaining discipline on the school premises adequate for the safety of all persons and property and the orderly conduct of instruction. Accordingly, the principal has the authority to take all reasonable action to carry out this responsibility. The authority of the school extends to all school-sponsored functions and activities, all school property, and all school-sponsored travel.

The classroom teacher, with the assistance of the administration as needed, is responsible for maintaining discipline of the students in the classroom and in other areas when students are under his or her supervision. The teacher may take all reasonable action to carry out this responsibility.

CORE VALUES & BELIEFS ABOUT LEARNING
The Mansfield High School community is committed to life-long learning with the understanding that it is essential to meeting the challenges of 21st century living. We want our students to be well equipped to make positive contributions to the local, national, and international communities.

We believe that students learn best when:
• they are in a safe, supportive environment which promotes life-long learning, problem solving, creativity, curiosity and independent thinking.
• they feel ownership of their own learning and are empowered to set goals and act in ways that are supportive of their own growth.
• they are willing to make mistakes to help them learn.
• they are eager to work with others to take on any challenges.
• the learning environment provides personalized learning opportunities that encourage self-discovery, self-assessment and risk-taking.

We believe that students learn best from teachers who:
• are knowledgeable, enthusiastic and invested in their content area.
• communicate high expectations clearly and consistently.
• demonstrate flexibility and adaptability to learning conditions and to students' needs.
• use a variety of instructional and assessment strategies based on current research and best practices to engage students in their learning.

Furthermore, students will benefit from a community that:
• encourages a partnership between school, parents and community.
• recognizes and respects diversity.
• supports learning through appropriate funding for relevant technology and materials, through adequate staffing that ensures smaller class sizes, and through opportunities for effective professional development.

ACADEMIC EXPECTATIONS
• The Mansfield High School student will communicate effectively.
• The Mansfield High School student reads text and other media to assess and analyze information.
• The Mansfield High School student uses curiosity, imagination, and critical thinking skills to solve and create solutions.
• The Mansfield High School student will use technology to obtain, organize, and communicate information effectively.

SOCIAL & CIVIC EXPECTATIONS
The Mansfield High School student collaborates with others to a productive end, leads by influence and example, and demonstrates personal and global responsibility.

HANDBOOK POLICIES & PRACTICES #CHCA & CHCA-E
The Mansfield High School handbook has been prepared to create a better understanding among students, parents, and teachers. These documents combine to serve as a reference on the basic policies governing the operation of Mansfield High School.

No handbook can completely explain all the policies and practices of a school. This does not diminish its usefulness. It merely takes notice of the fact that the school is obligated to treat every student as an individual and assess every situation in the light of how it affects the education and development of the individual student. The administration reserves the right to alter any of the recommended policies or procedures prescribed within this student handbook.
When applying the policies and regulations of the school, students will always be accorded their due process. Massachusetts General Law supercedes the provisions of this handbook, to the extent that any provision of this handbook is in conflict with the law.

**BULLETINS & ANNOUNCEMENTS #KDD & EBCE**

Some notices of club meetings, athletic and social events, general information and specific instructions are read during the first two to four minutes of the second block of each day. Such notices should be brief and should be provided to the main office by 7:20 a.m. Special notices may be announced over the intercom, but every effort will be made to keep these to the barest minimum. Weekly bulletins are read during homeroom and are posted in the classrooms.

**ACADEMIC/SCHOLASTIC INFORMATION**

**EXAMS #ILC**

*Importance of attendance and punctuality during exams:*

Exams are an important part of the educational process. Students shall be punctual and in attendance during all exam periods and are expected to participate fully.

*Make up of exams at end of trimester:*

Students that need to make up exams due to illness or other extenuating circumstances will need approval from the administration.

**Course Selection Process**

Proper course selection creates the foundation for a successful high school career. At Mansfield High School, the Course Selection Process is given the utmost priority by our faculty and administration. The process requires input and cooperation from students, parents, teachers and school counselors. Courses should be chosen with a great deal of thought and care.

Courses should be selected with the intent of achieving academic success while challenging individual personal development. While being mindful of future goals. Students must enroll in a minimum of 50% core-academic courses each year. It is recommended that college-bound students enroll in a minimum of 2/3 core-academic courses each year.

Students and parents considering college should understand that colleges vary greatly in selectivity and basic course requirements. When considering colleges, students and their parents should be aware of each school’s academic requirements. Plans may change as one progresses through high school. Students and parents should consult with the guidance staff regarding their plans.

Families are strongly encouraged to follow the recommendations of teachers as to course placement for the coming year. We understand that there are occasions when parents and students are not in agreement with the recommendation of their teacher and choose to request a waiver of the recommendation. Students will be provided with a hard copy of teacher
recommendations for core academic courses at the start of the course registration process. Students should consult with their teacher if they are in disagreement with the recommendation to better understand the recommendation as well as to self-advocate for a potential change in the recommendation. Should further consideration be required, the student and his/her parent/guardian may complete the Level Waiver Request located at the bottom of the course recommendation document supplied to each student at the start of the registration process. The request will be reviewed by the School Counselor and respective Department Chair. Prior to the request being granted, a meeting will be scheduled with the Department Chair, School Counselor and classroom teacher (at the discretion of the Department Chair) to review the request. If the request is granted, the student will remain in the class for the duration of the course.

Careful attention should be given to course levels and the overall difficulty of a schedule. Students will not be allowed to make changes to their courses after the selection process is completed at the end of the preceding school year. No course changes will be permitted after the opening of school. If an error was made, the student should inform the School Counselor who will initiate the process for correcting the error.”

Description of Course Levels

- Advanced Placement: Courses are formally recognized as Advanced Placement (AP) by the Educational Testing Service and culminate with an AP examination.
- Honors: Courses contain highly challenging material, presented at an accelerated and more intensive pace than college preparatory courses. Honors courses require advanced reading, writing, verbal, conceptual, mathematical and study skills as well as extensive outside preparation.
- College Preparatory: Courses prepare students to continue their education at the college level. These courses require well developed reading, writing, verbal, conceptual, mathematical and study skills, as well as substantial outside preparation.
- Comprehensive: Courses prepare students to continue their education at two-year colleges, or for the workplace. Comprehensive courses develop reading, writing, verbal, conceptual, mathematical and study skills through a variety of classroom activities and may require outside preparation.

Advanced Placement

When planning to register for Advanced Placement classes please consider the following:

- They are available to ALL students in grades 11 and 12.
- Typical grade 11 choices are AP English Lang/Comp, AP Biology, AP US History, AP Art History, and AP Music Theory.
• Grade 12 offers greater AP opportunities because more prerequisites have been achieved, however, students will be required to make choices -- student demands, as well as sections offered, affect opportunity.

• Knowing prerequisites and expectations early in a student’s high school career (grade 10) is highly recommended.

• You are urged to review the AP Profile as outlined by each academic discipline. The syllabus of each class, which is reflective of a first year college course, is rigorous and demanding. The minimum standard is set by the College Board. Previous knowledge, a solid work ethic, and strong time management are a requirement in all Advanced Placement level classes.

• Grade 11 students may enroll in a maximum of 3 AP courses, Grade 12 students may enroll in a maximum of 4 AP courses.

Advanced Placement- Expanded Description

The Advanced Placement (AP) program provides high schools with an opportunity to offer college level courses to qualified high school students. These challenging and stimulating courses take more time and require more work than traditional high school courses. They also give greater opportunity for individual progress and accomplishment and allow for greater depth of study. Advanced Placement courses also offer an opportunity to gain advanced placement and/or college credit to students when they enter college. Currently, MHS offers the following AP courses: Calculus, Physics, Biology, Chemistry, American History, European History, French and Spanish Language, English Language and Composition, English Literature and Composition, Art History and Music Theory.

The College Board requires every AP course syllabus to be submitted for audit. This audit ensures that the class meets the required rigor and allows Mansfield High School to be declared as AP certified. In the Mansfield High School Program of Studies, profiles of expectations follow each course description and should be carefully reviewed before a student seeks registration.

In order for students to register for AP course(s), they must have the recommendation of the subject area teacher and Department Chairperson. Once a student has been allowed to register, he/she must check with respective department chairs for summer reading requirements. Because of the rigorous academic expectations associated with AP courses in and outside of the classroom, students may pursue a maximum of 3 AP courses in their junior year and 4 in their senior year. Students wishing to take an additional AP course will need to meet with the Principal, Department Chairperson, School Counselor and Parent/Guardian to determine if the additional AP course is in the student’s best educational interest. Please note that the schedule may not permit this to take place due to scheduling constraints. It is the expectation that students electing any AP course must complete the course in its entirety. 

**Students enrolled in an AP class will not be permitted to drop the course once the enrollment process is complete at the end of the preceding school year.**
The AP exam represents the conclusion of any AP course. It is expected each student will take the AP exam.

The College Board creates and scores the AP exams, and charges Mansfield High School for each exam administered. This fee, determined by the College Board, is passed along to the student. A budget plan to pay for this expense is available. There may be financial aid available for those who qualify. If a parent believes they have financial need, they must inform the AP Coordinator by March 1st.

Students must adhere to the Massachusetts Department of Elementary and Secondary Education (DESE) MCAS requirements (or comprehensive exam as determined by DESE) to receive a diploma.

*Seniors must earn a minimum of 28 credits in their senior year to graduate.

**A unit is equivalent to two trimesters in all disciplines except for Wellness/Physical Ed. One trimester satisfies a unit in Wellness/Physical Ed.

***The four English courses that satisfy this requirement are exclusive of electives.

****All students must pass three courses in social studies, one of which must be American History 2.

*****All students must pass two units of Wellness/Physical Education, one of which must be a comprehensive health course.

Except for Seniors, students will not be allowed to enroll in two required English courses within the same school year. A Senior is only eligible to enroll in English 11 and English 12 during his/her senior year if they have not enrolled in English 11 in a prior year. If a senior needs to repeat English 11 due to a failure his/her junior year they must attend summer school or evening school to complete the course. Providing the student meets the eligibility requirement, failures must be made up in summer school before a student is able to proceed to the next appropriate English course.

Every student must earn a minimum of 132 credits (out of a possible 150 or 88%) to graduate. Class placement is determined by the number of years that a student has attended high school. Transferring students will have their previous
The joint committee of the National Association of Secondary School Principals and the American Association of Collegiate Registrars and Admission Officers, and the Massachusetts Board of Higher Education, recommend the following procedures be followed when determining a student’s rank in class. Courses can differ substantially in their level of academic challenge, and thus are weighted accordingly. Mansfield High School uses a student’s course-weighted rank in class to report academic achievement to colleges, to determine the school’s valedictorian and salutatorian, and to establish eligibility for all other awards that require rank in class.

To receive consideration for and to be selected as Mansfield’s valedictorian or salutatorian, a student must be enrolled for the entire sophomore and junior year at Mansfield High School. For the top 10% of the senior class, rank in class is calculated after completion of the 2nd trimester of senior year and is used to determine the valedictorian and salutatorian.

Calculating the course-weighted GPA is accomplished as follows.

1. Convert each final grade to the 4.0 scale described below
2. Weight the final grades in accordance with the level of difficulty of the course. 0.5 is deducted from grades earned in Comprehensive level courses, 0.5 is added to grades earned in Honors level courses and 1.0 is added to grades earned in Advanced Placement courses.
3. Multiply the adjusted grade by the credits earned in the course.
4. Take the total product from (3) and divide by the number of credits attempted.
5. The quotient is the student’s course-weighted GPA.

The chart below describes the conversions:

Any grade falling at 64 or below is a failing grade and earns 0.00 credit.

**Honor Roll**

The honor roll is computed at the end of each trimester on the basis of reported grades in all qualified subjects. Students with incomplete or failing grades cannot qualify for the honor roll.

- **High Honors** = Average of all grades is 90 or above
- **Honors** = Average of all grades is 85 to 89.99
- **Honorable Mention** = Average of all grades is 80 to 84.99

**Summer School Credit**

A student may attend an approved summer school program for credit either for a failing grade or reduced credit due to absences. To be eligible for summer school, a student who failed a course must have attained a grade at Mansfield High School in the range of 55-64 or, because of poor attendance, passed a course but has reduced credit. While in summer school a student must earn at least a 65 in order to receive credit for the course. Courses pursued in summer school programs shall be reflected on the student transcript as summer school courses as soon as all summer school financial obligations are paid. The grades achieved and the credits earned in summer school classes shall not be used when calculating a student’s GPA.

**Night School Credit**

Permission to attend night school can only be granted by the High School Principal. To qualify, a student must be credit deficient towards graduation. A student can take up to four courses in night school. In order to receive credit for the course at Mansfield High School, a minimum grade of 65 must be attained in night school. Courses pursued in night school programs shall be reflected on the student transcript as night school courses as soon as all night school
financial obligations are paid. The grades achieved and the credits earned in night school classes shall not be used when calculating a student’s GPA.

ATTENDANCE

ATTENDANCE POLICY & PROCEDURE #JH & JHB

School attendance is compulsory in Massachusetts for all persons between the ages of six (6) and sixteen (16). It is the shared responsibility of the student, his or her family, and the school to maintain a good attendance record. When a student is absent from or tardy to school, the parent/guardian must present to the school office on the day the student returns the proper written documentation in order to excuse the absence/tardy indicating the date, the name of student, the days of absence/tardy and the reason for the absence/tardy. Regardless is the absence/tardy is excused please notify the main office if a student needs to be absent/tardy to school. In addition, when a student is absent for five consecutive days or more a doctor’s note must also be presented. Failure to attend school without a valid excuse may warrant school personnel seeking help for the student and his/her family through supportive counseling, meetings and, if necessary, court action.

The most important aspect of learning occurs in the classroom setting, where teachers and students exchange ideas and analyze data. Absences preclude this interaction and should therefore be limited to instances of medical necessity, family emergency or individual obligation. When an absence is necessary, the parent or guardian should promptly contact the school and communicate the reason for the absence. Make up work will be provided and the student shall receive a minimum of one day for every day absent.

Procedure to follow when a student is absent:

1. The parent or guardian informs the school. Dial 508-261-7540, ext. 33101 and leave a voicemail message.

Steps to follow when a student returns to school following an absence or tardy:

1. The parent or guardian provides proper written documentation indicating the student’s name, the date(s) of absence, and the reason for the absence(s).
2. The student presents the proper written documentation to a member of the administration or office staff upon returning to school. Lack of documentation may result in unexcused absences.

Excusable Absences/Tardy

In order for an absence to be excused the parent must provide the proper written documentation for the following reasons:

- documented college visitation (no more than five in an academic school year for second half of junior year and entire senior year only)
- documented court appearance
- authorized school field trip (signed permission slip provided to teacher)
- religious observances (prior written notification to administration)
- bereavements with parental letter
- family emergency (submit written explanation to building administration for approval)
- Documented hospitalization (Medically exempt)
- Medical (documentation from a health care provider)

Absences, Tardies and Dismissals From/To School
Absences are cumulative and can result in a reduction of course credit. Absence from a class period for more than 15 minutes will result in an absence being recorded for the entire class, unless the student is absent due to a guidance counselor’s appointment, a school mandated meeting, or is seeking medical attention in the school nurse’s office. **Dismissals from the nurse’s office are not excused absences.** Four tardies to any class equals one absence from that class. Recurring unexcused tardies will result in disciplinary action. For four to seven unexcused tardies Night Detentions will be assigned. For eight or more unexcused tardies Saturday Detentions will be assigned. When it becomes apparent that a student's cumulative absences may result in a loss of course credit, the office will inform the parent of his/her child's attendance situation. A parental meeting may be scheduled for chronic offenders. Dismissals from school result in class absences and should be avoided. If a student is to be dismissed early from school, the student must bring a written parental request to the office prior to 7:15 a.m. The note will be confirmed by phone. If a parent leaves home before 7:30 a.m., the parent can call the school to confirm the dismissal by dialing 508-261-7540, ext.33101. A parent must pick up the student at school if an emergency occurs during the school day that requires dismissal.

Religious Holidays
In recognition that the community continues to become more diverse, the Mansfield Public Schools recognize that a number of religious and holy days occur during the school year. The Mansfield Public Schools adhere to the following practices:

All students will be allowed to observe and participate in their religious activities, without penalty. These students will receive an excused absence. Students will be allowed to make up class work, homework and/or any assignments during his or her religious absence.

Long term reports or special projects, which are due on one of the major religious days, will be submitted to the teacher on a mutually agreed upon date, prior to or following the pupil's return to school, with no late penalty.

Teachers are expected to exercise sound judgment in carrying out work when some students may be absent because of a religious holiday or holy day. Provisions should be made for students who expect to be absent. Please notify the teacher in order to obtain assignments that may be necessary ahead of time. In no situation will a student be made to feel uncomfortable because he or she chooses to exercise his or her religious convictions. Mansfield Schools appreciates and understands that religious observances often involve family activities. Students should not be expected to complete homework, study for tests, or complete other school work during their absence. Students will be
given the opportunity to make up this work within and appropriate amount of
time determined by the teacher.

Signatory Rights of 18 Year Old Students
Since the purpose of Mansfield High School's absence/dismissal policies is to
verify the student's absence, tardiness and/or dismissal by requiring the
signature of an adult who has knowledge of the student's whereabouts, students
cannot sign their own absence or dismissal note.

Medically Exempt (ME) Absences
Students with documented medical issues are able to obtain a recorded medical
exemption (ME) for purposes of attendance and grade record. Students with a
medical exemption receive full credit upon completion of assigned course
work. ME’s will be reviewed at close of the school year on an individual basis.
In order for a student to progress to the next course for the coming school year,
all course work must be completed by August 15.

Incomplete (INC)
Students who receive an INC on their report card will have 2 weeks following
the distribution of grades (report cards) in order to make-up all missing
assignments. If the work is not completed on time, the teacher will submit a
grade to Guidance based on the work complete.

Home and Hospital/Tutoring
Our policy is in compliance with the state’s regulations that govern the school’s
responsibility to provide home-based tutoring. The Mansfield Public Schools
support educational services for students upon receipt of a physician’s written
order that the student must remain at home or in a hospital setting for medical
reasons for a period of not less than 14 school days in a year. The tutoring
services are of sufficient frequency to allow the student to continue his or her
educational programs as long as the sessions do not interfere with the student’s
medical needs. Educational tutoring plans are created on an individual basis.
The tutoring form must be renewed every 60 days.

Absences as a Result of Disciplinary Infractions
A student who cuts class receives an absence for each missed class and may not
make up the missed work for class credit. Said student risks the loss of course
credit as outlined in this attendance policy and is ineligible to appeal any loss of
course credit to the principal.

A student who is suspended externally receives an absence for each missed
class but may make up the work he or she missed while serving the suspension
for full class credit. Said suspended student risks the loss of course credit; however, they will be given the opportunity to recover credit lost as part of
their re-entry plan.

ABSENCE-RELATED CREDIT REDUCTIONS
When a student has a passing grade in any course but has excessive absences,
credit earned will be reduced, according to the following charts:

Credit Reduction Policy and Appeals

Course credit reductions occur when a student’s cumulative absences and/or tardiness exceed the limits defined by the attendance policy. Students may earn back no more than two unexcused absences in a year by attending two Saturday detentions at the conclusion of a course. The scheduling of the Saturday detentions will be at the discretion of administration.

A credit reduction appeal is necessary only when a student’s cumulative absences exceed the limits set in the preceding tables. Absences due to disciplinary infractions and suspensions are eligible for appeal per Ch. 222. Absences due to family vacations are not excused absences. The Principal will review the documentation submitted pertaining to the student's attendance situation and render a written decision as soon as possible. Parents will be notified of the principal’s decision.

Loss or reduction of course credit due to an attendance policy infraction will not require a student to repeat the course. However, a loss of course credit will affect a student’s Grade Point Average, and the student may need to pass additional courses to earn the credits necessary for graduation.

FIELD TRIP #1JOA

Field trips and other educational travel that support and enrich the school curriculum are viewed as acceptable, worthwhile and appropriate educational experiences. School field trips are not considered an absence. Students are required to make up work missed in order to receive credit for the class missed. Field trips are a privilege and students may be denied opportunities to participate based on prior behavior.

Attendance on a school-sponsored trip that is not part of required class activities is a privilege and not a student right. No student may attend such a trip if, in the determination of the principal or the principal's designee, the student's behavior has been so inappropriate or anti-social as to potentially disrupt the planned trip. All school rules and regulations extend to field trips. Staff members shall refrain from scheduling field trips in the week prior to the end of the trimester.

VACATIONING STUDENTS

The most important aspect of learning is the interchange of thoughts, ideas and facts among teachers, students and peers. In the absence of dialogue, no reading
or writing assignment can replace this process. When parents find it necessary to take their child on vacation during the school year, the following policy shall be followed.

With as much prior notice as possible, parents must notify the building principal in writing of the anticipated vacation. Students are responsible for notifying their individual teachers. If possible, teachers will inform the students of the unit(s) of study discussed while the child is away and provide the student with the anticipated homework assignments. Many teachers will be unable to provide the homework information, as the pace of the lessons and the needs of the students frequently determine the assignments. Parents should review the schoolwork with their children and assist them with their study.

When the student returns to school, it is the student’s responsibility to inquire as to whatever additional assignments need to be completed. The appropriate time to make this inquiry is in an after-school help session. Make up work will be at the discretion of the teacher. The student will have a minimum of one day for each day out to make up the assignments. The Students who are out of school at the end of the marking term may receive an incomplete on their report card. If the missed work is made up in accordance with school guidelines, the grade will be changed and reported on the next report card.

Absences due to vacation are subject to the terms of the MHS Attendance Policy and can reduce the student’s earned credits for a class.

**STUDENT BEHAVIOR**

**DISCIPLINE (Unless otherwise defined by Massachusetts General Law) #JIC**

**Problem Resolution**

The staff of the Mansfield Public Schools is committed to resolving problems informally whenever possible. Parent/guardians are encouraged to call the teacher(s), school counselor, department chairperson or school administrator(s) to initiate conferences, to receive updates on their child's progress, or to voice a concern. Students are reminded that they may access the guidance office for assistance to mediate student-student conflicts.

When there is a concern about an educational or disciplinary problem, the parent/guardian should first consult the teacher directly involved with the situation, and an attempt should be made to resolve the problem at that level. A conference may be requested, and the student may participate in that conference when appropriate.

When an issue has not been resolved at the level of the teacher, an additional meeting can be arranged between the parent/guardian, the teacher, department chairperson and a school administrator.
Goals
The goal of the discipline policy of the Mansfield Public Schools is to create an orderly and productive environment essential for the effective, efficient, and safe operation of the schools. The intention of this policy is to provide the students with notice of the school standards and expectations regarding student behavior and the consequences for violations of the rules and regulations.

All members of the school community have the responsibility to conduct themselves with respect for the rights and property of others in school and during all school-sponsored activities, both on and off school grounds, including those times when riding school buses or other school provided vehicles.

In the Mansfield Public Schools there are three levels of disciplinary offenses. Most disciplinary violations are included within these three levels of offenses, but the school retains the right to identify acts of misconduct as deemed appropriate at the discretion of the principal.

TEACHER DETENTION
A student failing to report to a teacher detention will be reported to an administrator and will be assigned a detention, as deemed appropriate by the administrator. The length of a teacher assigned detention is at the discretion of the teacher. Students assigned to detention are to report to the room designated at the time given and for the number of days assigned. 24-hour notice is to be given. Parents should be made aware of assigned detentions.

OFFICE DETENTION
Office detentions are assigned by an assistant principal for Level I or II infractions. Office detentions are held after school for 30 min.

NIGHT DETENTION
Evening detentions are assigned by an assistant principal for Level I Offenses or for Level II offenses. Evening detentions are held from 5:00 –7:00 p.m. Students are expected to bring school work to complete during the detention.

SATURDAY DETENTION
Saturday detentions are assigned by an assistant principal for Level I and II offenses and are held from 8:00 a.m. – 12:00 noon. Students are expected to bring school work to complete during the detention.

EMERGENCY REMOVAL #JIC
Under section 37H ¾ , nothing shall prevent a principal or designee from removing a student from school temporarily when a student is charged with a disciplinary offense and the continued presence of the student poses a danger to persons or property, or materially disrupts the order of the school. The
temporary removal shall not exceed three (3) school days, which shall include the day of the emergency removal.

**EXTERNAL SUSPENSION #JIC**

Students assigned an external suspension are not allowed to be present on school grounds at any time during the duration of their external suspension, except to attend scheduled meetings as required to uphold their due process rights. Students assigned an external suspension are not allowed to attend or to participate in any school-sponsored activity. If an externally suspended student is found on school property during the dates of the suspension, the length of the suspension may be extended. If an externally suspended student attends or participates in a school-sponsored activity during the dates of the suspension, the length of the suspension may be extended.

Any student suspended externally as a result of a violent act or threat may be referred to a psychologist for a safety and/or threat assessment. If the school administration determines that the offense necessitates a safety and/or threat assessment, the student may not return to school until the psychologist has completed the safety and/or threat assessment and has provided the administration with the results, regardless of the length of the assigned suspension. If the results of the threat and/or safety assessment raise concerns regarding the student’s return to school, the student and his/her parents/guardians shall be required to meet with the administration.

**PROCESS FOR DISCIPLINARY OFFENSES & APPEAL #JIC**

Fourteenth Amendment – Rights of Due Process: In 1975, the United States Supreme Court ruled that public school students facing suspension are protected by the due process clause of the Fourteenth Amendment of the United States Constitution. A student suspended by a disciplinary action is entitled to due process, including the right to receive oral and written notice of the charges against him or her, an explanation of the evidence supporting the charges, and an opportunity to present his or her side of the story prior to suspension. A student facing a suspension of greater than ten (10) days is entitled to a formal hearing to express his/her position relative to the incident that resulted in a disciplinary action and to a written explanation of the reasons for any action taken prior to the suspension, in cases where an emergency removal is required under section 37H ¾ students may be removed prior to hearing.
Disciplinary Actions for Level II Acts / Major Offenses and Appeals # JIC

A student facing suspension of ten (10) days or less is entitled to oral and written notice of the charge(s), an explanation of the evidence that the school authorities have regarding the charge(s), and an opportunity to present his or her side of the story. Student has the right to have a parent or guardian present during the hearing, unless the parent is unreachable, after “reasonable efforts”. The procedures for appealing administrative action taken for Level II offenses are as follows:

1. A written request for an appeal hearing must be submitted to the principal within twenty-four (24) hours of notification of disciplinary action.
2. The principal will conduct an appeal hearing as soon as possible after receiving a letter requesting an appeal, normally within five (5) school days. The principal will render a prompt decision upon completion of that hearing, normally within three (3) school days, unless the student demonstrates good cause for a delay.
3. The appeal process for suspensions of less than ten (10) days ends with the principal.
4. Suspensions greater than ten (10) days may be appealed to the Superintendent, unless otherwise defined by Massachusetts General Law and referenced elsewhere in the pages of the Common Handbook. If a student wishes to appeal to the Superintendent, a written request for a hearing must be submitted within five (5) calendar days of the effective date of the long term suspension; provided that within the five (5) calendar days, the student or parent may request and receive from the superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days. The long term suspension will remain in effect unless and until the superintendent decides to reverse the principal’s determination on appeal. If the appeal is not timely filed, the superintendent may deny the appeal, or may allow the appeal in his or her discretion, for good cause. The Superintendent will conduct an appeal hearing within three (3) school days of receiving a letter requesting an appeal, and will render a decision within five (5) calendar days upon completion of that hearing.

Disciplinary Actions for Level III acts / Illegal Acts and Appeal

A student facing a suspension of more than ten (10) days, or the possibility of expulsion, will be accorded the following rights:

1. Prior oral and written notice of possible suspension
2. Oral and written notice of the charge(s), offense, potential length of suspension
3. The right to be represented by an attorney or advocate, at the expense of the student
4. Adequate time to prepare for the suspension/expulsion hearing
5. Access to documentary evidence prior to the hearing
6. The opportunity to present witnesses and evidence at the hearing.
7. Access to interpreter services is needed.
8. Opportunity for parent or guardian present during hearing, after a reasonable effort to contact.
9. A prompt written decision normally rendered within three (3) school days of the hearing, which includes specific grounds for the decision.
10. Notification to appeal principal’s decision to the Superintendent.

The procedures for appealing administrative action taken for Level III offenses are as follows, except for procedures defined by Massachusetts General Law and referenced elsewhere in the pages of the Common Handbook.

1. A written request for an appeal hearing must be submitted to the Superintendent within five (5) calendar days of the effective date of the long-term suspension; provided that within the five (5) calendar days, the student or parent/guardian may request and receive from the Superintendent an extension of time for filing the written notice for up to seven (7) additional calendar days.
2. The long-term suspension will remain in effect unless and until the Superintendent decides to reverse the principal’s determination on appeal.
3. The Superintendent will conduct an appeal hearing within three (3) school days of the request, unless the student or parent/guardian requests an extension of up to seven (7) additional calendar days. The Superintendent will render decision upon completion of that hearing, within five (5) calendar days.
4. The decision of the Superintendent shall be the final decision of the school district with regard to the suspension.

**Discipline of Students Educated on an IEP**

All students are expected to meet the requirements as set forth in this handbook. Massachusetts General Laws require that additional provisions be made for students who have been found eligible or are currently in the evaluation process, by an Evaluation Team, to have special needs and whose program is or could be described in an Individualized Education Plan (IEP). The following additional requirements apply to the discipline of special needs students.

1. The principal or designee will notify the Special Education Office of the suspension of a special needs student and a record will be kept of such suspensions.
2. In accordance with special education regulations, when it is known that the suspension(s) of a special needs student will accumulate to greater than ten (10) days in a school year, a manifestation hearing will convene to determine whether the student’s disciplinary behavior is a manifestation of his/her handicapping condition. The IEP will be reviewed to determine appropriateness of the student's placement or program.
3. If a special education student commits an offense which causes the student to be expelled from school, the school district continues to be responsible for providing the student with a free appropriate public education in another educational setting.
4. There are certain situations in which school personnel may order a change in placement of a special education student without regard to
whether the student’s behavior is determined to be a manifestation of the student’s disability. These situations include:

- carrying or possession of a weapon
- knowingly possesses or uses illegal drugs, sells or solicits the sale of a controlled substance
- has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function.

The IDEA protections summarized above also apply to a child who has not yet been found eligible for services under the statute if the district is “deemed to have knowledge” that the child was eligible for such services before the conduct that precipitated the disciplinary action occurred. The IDEA provides that a school district is “deemed to have knowledge” if: (1) the child’s parent had expressed concern in writing to district supervisory or administrative personnel or the child’s teacher that the child needs special education and related services; (2) the child’s parent had requested an evaluation of the child to determine eligibility for special education services; or (3) the teacher of the child or other school district personnel had expressed specific concerns about a pattern of behavior by the child directly to the district’s director of special education or to other supervisory personnel. However, a school district is not “deemed to have knowledge” if the district evaluated the student and determined that the child was not eligible for special education services or the child’s parent refused an evaluation of the child or IDEA services.

If the school district has no knowledge that a student is an eligible student under the IDEA before taking disciplinary measures against the student, the student may be disciplined just as any other student may be. If, however, a request is made for an evaluation to determine eligibility while the student is subject to disciplinary measures, the district must conduct the evaluation in an expedited manner. Pending the results of the evaluation, the student must remain in the educational placement determined by school authorities, which may include suspension or expulsion without services. If the student is determined eligible for an IEP as a result of the evaluation, the school district must provide the student with special education and related services in accordance with the IDEA.

**Discipline of Students Educated on a 504 Plan**

School personnel may not suspend a student on a 504 plan for more than ten consecutive days without a manifestation determination. Procedural protections for eligible 504 students are the same as those afforded to special education students.

**SEARCH & SEIZURE #JIH**

The Fourth and Fourteenth Amendments to the United States Constitution guarantee freedom from unreasonable search of one’s person and property. Equipment assigned to students, such as lockers and desks, belongs to the
Mansfield Public Schools. As such, there is no expectation of privacy in lockers, desks, or any other property belonging to the Mansfield Public Schools, which reserves the right to inspect such property.

The search of students or their property or their vehicles on school property shall comply with the following procedures:

1. There shall be reasonable suspicion for school personnel to believe that a search will disclose evidence of a violation of a school rule or law.
2. When such reasonable suspicion exists, a search may be conducted under the explicit authorization of the principal or his/her designee.
3. Items that might be used to disrupt or interfere with the educational process, such as weapons or illegal substances, will be removed from the student's possession. Parents will be notified when such a search has been conducted. Body searches are not conducted.
4. School personnel will assist or permit the police to search a student, his or her possessions, or assigned school equipment, when the police have obtained a search warrant authorizing the search, or consistent with applicable legal requirements.

MASSACHUSETTS LAW  CHAPTER 71

Controlled Substances, Dangerous Weapons, Assault upon Staff, Section 37H #JIC

In accordance with the Education Reform Act of 1993, Ch. 71, Section 37H, a student may be subject to expulsion according to the following regulations:

a. Any student who is found on school premises or at school-sponsored or school-related events, including athletic games, in possession of a dangerous weapon, including, but not limited to, a gun or knife: or a controlled substance as defined in Ch. 94C, including, but not limited to, marijuana, cocaine, and heroin, may be subject to expulsion from the school or school district by the principal.

b. Any student who assaults a principal, assistant principal, teacher, teacher's aide or other educational staff on school premises or at school-sponsored or school-related events, including athletic games, may be subject to expulsion from the school or school district by the principal.

c. Any student who is charged with a violation of either paragraph (a) or (b) shall be notified in writing of an opportunity for a hearing: provided, however, that the student may have representation, along with the opportunity to present evidence and witnesses at said hearing before the principal.

d. After said hearing, a principal may, in his or her discretion, decide to suspend rather than expel a student who has been determined by the principal to have violated either paragraph (a) or (b).

e. Any student who has been expelled from a school district pursuant to these provisions shall have the right to appeal to the superintendent. The expelled student shall have ten (10) days from the date of the expulsion in which to notify the superintendent of the appeal. The student has the right to counsel at a hearing before the superintendent. The subject matter of the appeal shall not be solely limited to a factual determination of whether the student has violated any provisions of this section.

f. When a student is expelled under the provisions of this section, schools and school district within the Commonwealth shall be required to admit such student and to provide educational services to said student. If the student does apply for admission to another school or school district, the superintendent of the school district to which application is made may request and shall receive from the superintendent of the school expelling said student a written statement of the reason for said expulsion. Upon expulsion of said student, schools and school district shall be required to provide educational services to such student to be determined by the school principal.
Suspension/Expulsion: Felony Complaint or Conviction, Section 37H 1/2 #JIC

In accordance with the Education Reform Act of 1993, Ch. 71, Section 37H 1/2, the following disciplinary action may be taken upon a felony complaint or conviction:

1. Upon the issuance of a criminal complaint charging a student with a felony or upon the issuance of a felony delinquency complaint against a student, the principal may suspend such student for a period of time determined appropriate by said principal if said principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such suspension prior to such suspension taking effect. The student shall also receive written notification of the right to appeal and the process for appealing such suspension: provided, however, that such suspension shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the suspension to the superintendent. The student shall notify the superintendent in writing of his request for an appeal no later than five (5) calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three (3) calendar days of the student's request for an appeal. At the hearing, the student shall have the right to present oral and written testimony on his/her behalf, and shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of the principal, including recommending an alternate educational program for the student. The superintendent shall render a decision on the appeal within five (5) calendar days of the hearing. Such decision shall be the final decision of the school district with regard to the suspension.

2. Upon the student being convicted of a felony or upon an adjudication or admission in court of guilt with respect to such a felony or felony delinquency, the principal may expel such student for a period of time determined appropriate by said principal if said principal determines that the student's continued presence in school would have a substantial detrimental effect on the general welfare of the school. The student shall receive written notification of the charges and the reasons for such expulsion prior to such expulsion taking effect. The student shall also receive written notification of the right to appeal and the process for appealing such expulsion; provided, however, that such expulsion shall remain in effect prior to any appeal hearing conducted by the superintendent.

The student shall have the right to appeal the expulsion to the superintendent. The student shall notify the superintendent in writing of the request for an appeal no later than five (5) calendar days following the effective date of the suspension. The superintendent shall hold a hearing with the student and the student's parent or guardian within three (3) calendar days of the student's request for an appeal. At the hearing, the student shall have the right to counsel. The superintendent shall have the authority to overturn or alter the decision of
the principal, including recommending an alternate educational program for the
student. The superintendent shall render a decision on the appeal within five (5)
calendar days of the hearing. Such decision shall be the final decision of the
school district with regard to the expulsion.

Upon expulsion of said student, schools and school district shall be required to
provide educational services to such student to be determined by the school
principal.

Other Offenses, Section 37H ¾ #JIC
In accordance with the New Student Discipline Rules Ch. 222 of the Acts of
2012, Ch. 71, Section 37H ¾ , disciplinary action, including suspension may be
taken for all other serious offences.

The Law, codified at M.G.L. c.71, 37H ¾ does not apply to cases involving
possession of weapons or drugs in school, instances of student assaults on staff
members, or cases in which a student has been indicated for a felony or felony
delinquency. The process for imposing discipline in those matters is still
subject to M.G. L. c. 71, 37H & 37H ½. The new law limits the duration of
suspension to not more than 90 school days; this limitation does not apply to
suspensions or exclusions under 37H & 37H ½. In all cases the school district
must continue to provide educational services to students if they suspended or
excluded for more than school 10 days.

Firearms
In accordance with the Massachusetts General Laws Chapter 71, Section 10,
Chapter 150, the following regulations relative to firearms are enforced in the
Mansfield Public Schools.

Whoever not being a law enforcement officer, and notwithstanding any license
obtained by him under the provisions of Chapter 140, carries on his person a
firearm as hereinafter defined, loaded or unloaded, in any building or on the
grounds of any secondary school, college or university without the written
authorization of the board or officer in charge of such secondary school,
college or university shall be punishable by a fine of not more than one
thousand dollars ($1,000.00) or by imprisonment for not more than one year, or
both. For the purpose of this paragraph, “firearm” shall mean any pistol,
revolver, rifle, or smoothbore arm from which a shot, bullet or pellet can be
discharged by whatever means.

Replicas and/or toy firearms are not permitted in school. Violation of this
policy will result in disciplinary action as outlined in Level III of the Discipline
Policy.

Tobacco #JICG
The Massachusetts Education Reform Act prohibits smoking in school and on
school property. Because it is illegal for anyone under 18 years of age in
Massachusetts to purchase tobacco products, possession of all tobacco products
on school grounds also is prohibited. For purpose of this policy, “smoking” will
mean all uses of tobacco products and devices (including but not limited to chewing tobacco, cigars, cigarettes, and pipes) and the use of electronic, ‘vapor’, or other substitute forms of cigarettes and nicotine products. Students are not permitted to smoke or use tobacco products at anytime in the building and on the school grounds or in transportation vehicles used for school-sponsored events and activities. In addition, use of any tobacco product or smoking is banned at all school-sponsored events, even though this use does not take place on school grounds. Students who violate this rule will be subject to a Level II consequence.

AUTOMOBILES & PARKING

Use of the parking facilities at Mansfield High School is a privilege for students who have registered and paid the parking fee. Members of the senior class will be allowed a first opportunity to purchase a parking tag for the year during the first trimester. At the beginning of the second trimester, any remaining tags/spots will be sold to any members of the senior or junior classes by way of a lottery of those that have submitted the proper paperwork. No refunds will be given. Please refer to the Search and Seizure section in regards to automobiles on school property.

For all registered drivers who have paid the parking fee, in order to maintain this privilege, they must:

1. Have paid the parking fee in full and registered his or her vehicle with the main office.
2. Display school-issued parking tag (Parking tags are non-transferable).
3. Not park in fire lanes or handicapped spots. Parking in fire lanes or handicapped spots may result in a ticket and fine.
4. Not park in areas reserved for emergency vehicles access (the grass and/or dirt areas that surround school property). Parking in reserved areas may result in a ticket and fine.
5. Not park in areas reserved for staff.
6. Not park in the parking lots at other schools.
7. Parking privileges may be revoked if a student fails to comply with the above rules or drives in a manner deemed reckless on school property.

For all registered drivers who violate this parking policy they will receive the following:

- First offense: Warning sticker
- Second offense: A five-day suspension of parking from the student lot.
- Third offense: A ten-day suspension of parking privileges and a parent conference
- Fourth offense or subsequent: Car will be towed at student’s expense. For repeated violations of the policy, students may also be assigned additional disciplinary measures, including the loss of driving/parking privileges.

For all unregistered drivers who violate this parking policy they will receive the following:
First offense: Saturday detention. Parents notified.
Second offense: Two Saturday detentions. Parents notified.
Third offense or subsequent: Car will be towed at student’s expense.

Students may only carry personal items in a small pocket book that is not large enough to put a book in.

**BEHAVIOR AT ATHLETIC EVENTS**
When attending an interscholastic athletic event, Mansfield High School students are to exhibit behavior consistent with the expectations stated in this handbook. This applies to all interscholastic events at home or away locations involving Mansfield High School. The emphasis shall be on the positive support of a Mansfield team, not negatively commenting, gesturing, etc. at the officials, opponent(s) or spectators. Any student who does not exhibit appropriate behavior will be asked to leave (without refund). Depending on the type and or number of the incident, the student could be excluded from attending future school events and or receive other school consequences.

**BEVERAGES & FOOD**
Students are not permitted to bring open beverages into school, including but not limited to open containers of juice, soda, coffee, tea and/or any type of “take-out” beverage. Once a container is opened it may not be brought into a hallway, cafeteria, or any other area of instruction. Students may bring only bottled water to class.
- Students should not consume food in the hallways or the classroom.
- Students may not chew gum in school.
- Students with diagnosed medical conditions warranting beverage availability should bring a note from their Primary Care Physician to the school nurse, who will authorize permission for the student to have access to beverages. Also students who require such accommodations through their IEP or 504 plans are permitted to have access to food and beverages.

**CAFETERIA**
The school cafeteria is maintained as a vital part of the health program of the school. To encourage good nutrition, a well-balanced lunch is offered at a reasonable price. The lunchroom management and the students appreciate the cooperation of everyone in:
1. Depositing all lunch litter in wastebaskets
2. Placing disposable lunch trays and utensils in the wastebaskets
3. Leaving the table and the floor clean for others
4. Refrain from purchasing food or beverage on credit
Throwing food or any other object in the cafeteria, or stealing food is prohibited and offenders will receive disciplinary action from an administrator. Inappropriate and disruptive behavior may result in exclusion from the cafeteria and/or Level II discipline. Students are not permitted to leave school during lunchtime. Neither food nor drink may be taken from the cafeteria.

Students in all schools are issued four digit pin numbers that are used to purchase food in the cafeteria. Parents may deposit money into their child's account by sending in a check, cash or online with a credit card.

Free and reduced lunch forms are available in all schools and may be submitted at any time during the school year.

**CARE OF SCHOOL PROPERTY #ECAC**

Students may not mark school furniture, walls, ceilings, floors, or equipment with pen, pencil or any other instrument or cause damage to the infrastructure within the indoor or outdoor facilities of the school district. Students may not tamper with the fire alarms, fire extinguishers, or any electrical systems, including the computer network. Anyone who willfully or negligently destroys school property through vandalism, arson, or larceny, or who creates a hazard to the safety of other students, may face punitive measures as defined by Massachusetts General Law and make restitution for damaged property. Staff members should obtain and report to the administration the names of students who violate the terms of this paragraph.

Each student must promptly return all classroom and library books, athletic clothing, supplies and equipment, cameras, musical instruments, and other school equipment and property entrusted or loaned to him/her. A student shall be responsible for returning such materials in the same condition in which they were entrusted or loaned to the student and shall bear the cost of repairing or replacing the damaged, lost or stolen materials. Failure to return such materials upon request shall subject the student to disciplinary consequences and the potential loss of privileges. Neither food nor drink should be brought into either the auditorium or the gymnasium.

**CHEATING & PLAGIARISM**

Cheating is a serious academic offense that impedes learning and diminishes personal growth. It includes but is not limited to cheating on tests, quizzes, homework, or any other assignment regardless of point value. If a teacher determines that a student has cheated, the teacher will notify parents and administrators, and the consequences may be as follows:

- **1st offense:** automatic zero on the assignment or exam
- **2nd offense:** automatic zero on the assignment or exam and appropriate disciplinary action.
- Any subsequent offenses will result in an automatic zero on the assignment and more severe disciplinary action.

Plagiarism is a serious academic offense. According to Webster’s Collegiate Dictionary, 10th ed., to plagiarize is "to steal and pass off the ideas or words of
another as one’s own… to commit literary theft.” Plagiarism may include any of the following acts: downloading an entire document from the Internet; cutting and pasting portions of a source from the Internet; copying or paraphrasing from the work of another student; copying or paraphrasing from published sources, such as Cliff’s Notes, Spark Notes, books, magazines, newspapers, etc., without proper documentation.

If a teacher determines that a student has intentionally plagiarized, the teacher will notify parents and administrators, and the consequences may be as follows:

- 1\textsuperscript{st} offense: the opportunity to redo the assignment for an automatic credit reduction of 25-30%.
- 2\textsuperscript{nd} offense: automatic zero on the assignment or exam and appropriate disciplinary action.
- Any subsequent offenses will result in an automatic zero on the assignment and more severe disciplinary action.

COMPUTERS & INTERNET ACCEPTABLE USE POLICY

Computers and electronic media enhance and support school-related work. Students must be responsible computer users and respect the privacy and property of others. Computer programs should not be copied from students or publishers without authorization. This Computer and Internet Acceptable Use Policy applies equally to all computers and computer-based equipment, whether owned by the school or individual students.

The Internet and the Local Area Network (LAN)
The Internet is a vast, global network, linking computers at universities, secondary schools, laboratories, and other sites. Through the Internet, one can communicate with people all over the world and view many educationally valuable files. The Local Area Network (LAN) is a limited network of computers within the Mansfield Public School District. Through the LAN, users may access shared files and store other files.

The primary purpose of the Mansfield Public Schools Internet connection is educational. Uses include enhancement of curriculum, research, and limited high-quality self-discovery activities. To remain eligible as users, students must use the Internet and the LAN resources in a manner consistent with the educational objectives of the Mansfield Public Schools.

Access Options
The Mansfield Public Schools offer LAN access, Internet access, and various curriculum-enhancing software applications, as well as several standard business applications. The Mansfield Public Schools make no warranties, whether expressed or implied, for the services they provide. The Mansfield Public Schools are not responsible for any damages the user may suffer. This includes loss of data from delays, file non-deliveries, or services interruptions due to any cause. Use of any information obtained via the Internet is at the user's own risk. The Mansfield Public Schools specifically denies any
responsible for the accuracy or quality of information obtained through their services.

**Monitoring**
Network administrators may review files and communications at any time to maintain the integrity of the system and to ensure responsible use. Users should not expect that files stored on district servers are private.

**On-line Safety**
The Internet's enormous size brings with it potential for abuse. While network administrators have installed a network protection package to filter access to certain unwanted categories, the Mansfield Public Schools do not have control over the content of the information on the Internet itself. Therefore, students and families need to be aware of the potential availability of materials that may be considered inaccurate, controversial, or inappropriate for the classroom. While every attempt will be made to monitor use, it is impossible to guarantee that students will not accidentally or purposefully find inappropriate material. Users may not initiate access to inappropriate or offending material. Students who mistakenly access inappropriate information should immediately tell their teachers to protect against a claim of intentional violation of this policy. In addition, it is the responsibility of the parent or guardian to address with their children any additional boundaries.

**Vandalism**
Vandalism is defined as any malicious attempt to harm, modify, or destroy equipment and/or data of anyone connected to the Mansfield Public Schools LAN or Internet. This includes but is not limited to damaging equipment, purposely damaging files, altering the desktop or system folder of the workstation computer, attempting to bypass district security of same, attempting to discover passwords of other users, attempting to disable accounts of other users, and creating, uploading or transmitting computer viruses or overloading data on the server.

**Harassment**
Harassment is defined as the persistent annoyance of another user, or the interference of another user's work that has the potential to disrupt the educational process as it applies to the Mansfield Public Schools computer network.

**System Security**
Security on any computer system is a high priority, especially when the system involves many users. Allowing others to use one's password, attempting to tamper with individual or network applications, or accessing the system as another user will not be tolerated. If a student feels he/she can identify a security problem on the LAN or the Internet, the student must notify a teacher or system administrator immediately. The student is expressly forbidden to demonstrate the problem to any other users.
Users should not copy any software onto school-owned computers. This includes free-ware and share-ware files from the Internet. This is in keeping with copyright laws and protects school-owned equipment from viruses. Users should contact a system administrator or his/her designee for installation of any licensed software so that it can be checked first for system safety, compatibility and setting adjustments.

**Procedures for Student Use**

Students must always get permission from their instructors before using any school computer workstation, using the Internet, printing any materials, or accessing any specific file or application. Students should also follow written and oral class instructions and procedures. This includes but is not limited to providing the required information on the workstation user log. No student diskettes may be used on Mansfield Public School workstation computers.

**Unacceptable Uses**

Unacceptable uses of the Mansfield Public School resources include, but are not limited to the following:

- Visiting chat rooms, using “instant messenger” programs or accessing personal e-mail accounts without express authorization from a staff member.
- Bypassing firewall and using proxy sites to access sites such as: MySpace.com
- Use of the network in any way that would disrupt network use by others in the district
- Use of inappropriate activities, including games that utilize network resources.
- Trespassing in another's folders, work, or files
- Harassing, insulting or attacking others
- Violating copyright laws (plagiarism): users must cite references when appropriate
- Using another's password
- Sending or displaying offensive or threatening messages or pictures
- Using the network for commercial purposes or political lobbying
- Participating in any communications that facilitate the illegal sale or use of drugs or alcohol or that facilitate criminal gang activity
- Transmitting any material in violation of any federal or state regulations
- Damaging computers, computer systems, or computer networks
- Intentionally wasting limited resources, including saving unnecessarily large files to the network.

Access to the LAN and the Internet is available only to users who respect the rights of others and who follow the regulations established by the Mansfield Public Schools. Any violation of these regulations is unethical and may constitute a criminal offense.
Evidence of an intentional violation will prompt a review and modification of privileges and possible disciplinary and/or legal action.

**Changes to the Guidelines**
The Mansfield Public Schools reserves the right to change these guidelines at any time.

**Privacy**
Internet and e-mail messages are public communication and are not private. Electronic mail messages and other use of electronic resources by students are the property of the Mansfield Public Schools and should not be considered confidential. Copies of all information created, sent or retrieved are stored on the computer network's backup files.

The Mansfield Public Schools reserve the right to access and monitor all messages and files on the computer system as it deems necessary and appropriate in the ordinary course of its business. These purposes include, but are not limited to, ensuring proper use of resources and conducting routine network maintenance. Network storage areas may be inspected at any time. Where appropriate, communication including text and images may be disclosed to law enforcement or other third parties without prior consent of the sender or receiver.

Information retrieved electronically must be documented in the same manner that other reference materials are cited. Electronic media and computers should not be used for any unlawful purpose.

A violation of the terms of this Acceptable Use Policy may result in suspension or termination of network access privileges and may also result in other disciplinary action consistent with the disciplinary policies of the Mansfield Public Schools and could result in criminal prosecution where applicable. The Mansfield Public Schools will cooperate fully with local, state, and federal law enforcement officials in any investigation relating to any illegal activities conducted through the Mansfield Public Schools computer network.

**DANCES & EVENTS**

No student will be admitted to any dance or event later than 30 minutes after the advertised start, and no student who exits the dance or event will be readmitted. No student (or guest) is permitted to leave before the advertised end
of the dance or event, except in case of emergency. Students who do need to leave early then must get permission from an administrator, who must contact a parent or guardian.

Students in the Mansfield Public Schools are expected to dress in an appropriate manner conducive to a learning environment. Hence, students shall:

1. dress in a manner that minimizes risk to their physical well being and/or risk to the physical well being of others;
2. dress in clothing that is clean and not torn in a revealing fashion; undergarments must not be visible;
3. not wear clothing that is distracting to the point that it interferes with the ability of themselves or other students to take advantage of the educational process. Shorts and skirts shall be worn so that they are no shorter than the length of the students outstretched fingertips with his or her hands relaxed at the side;

Teachers who believe that a student is dressed in a manner that is distracting and/or disruptive to the educational process will refer that student to an administrator. If an administrator determines that the student has violated the dress code, the student may be sent home from school until he or she conforms to the dress code.

**DRUG AND ALCOHOL POLICY #JICH, JICH-A & ADB**

In the Mansfield Public Schools there is a zero tolerance policy for drugs and alcohol.

3. Any student identified as being under the influence of alcohol or any illegal drug while on school property or at a school sponsored function may be placed on a ten day external suspension and will be
ineligible to participate in any co-curricular activity for thirty (30) calendar days. For first offenses only, a student suspended under this paragraph may voluntarily agree to attend two substance abuse meetings. If the student attends the first substance abuse meeting during the initial five days of external suspension, the ten-day external suspension shall be commuted to five days external suspension followed by five days internal suspension (QMS) or three Saturday detentions (MHS). Attendance at a second substance abuse meeting shall occur during the five days of internal suspension (QMS) or during the next five school days (MHS). Proof of attendance shall be written summaries of the meetings provided to the assistant principal, and these summaries shall indicate the place and time the meetings convened, and the name of the individual who convened the session.

4. Any student suspended as a result of an incident defined in paragraph three (3) above may not be readmitted to school until he/she has had both a physical and a psychological examination. The purpose of these examinations is to document that the student is physically and psychologically able to re-enter school and re-commence his/her studies. If desired, the school psychologist shall provide the psychological examination free of charge. The physical examination shall be done at the parent's expense. Either or both of these specialists may refer the student to other agencies according to the needs of the student. If the student is unable to obtain clearance, the principal shall take all necessary steps to ensure that treatment has begun. If the student is unable to obtain clearance after a reasonable period of treatment, the principal shall forward a recommendation to the School Committee, through the Superintendent of Schools, that the student not be allowed to return to the Mansfield Public Schools.

5. Any student found in possession of alcohol (regardless of quantity) while on school property or at a school-sponsored function may be placed on a ten (10) day external suspension, and will be ineligible to participate in any co-curricular activity for thirty (30) calendar days. A student suspended under this paragraph may voluntarily agree to attend two substance abuse meetings. If the student attends the first substance abuse meeting during the initial five days of external suspension, the ten-day external suspension shall be commuted to five days external suspension followed by five days internal suspension (QMS) or three Saturday detentions (MHS). Attendance at a second substance abuse meeting shall occur during the five days of internal suspension (QMS) or during the next five school days (MHS). Proof of attendance shall be written summaries of the meetings provided to the assistant principal, and these summaries shall indicate the place and time the meetings convened, and the name of the individual who convened the session.

6. Any student found in possession of any controlled substance while on school property or at a school-sponsored function is subject to discipline pursuant to the requirements of the Massachusetts General Laws, Chapter 71, Section 37H and will be ineligible to participate in any co-curricular activity for thirty (30) calendar days. All illegal
substances will be turned over to the Mansfield Police Department along with the name of the student offenders. The police department will determine whether the offense warrants legal prosecution.

7. Any student identified as selling or distributing alcohol, illegal drugs, and/or controlled substances, such as, but not limited to Valium, Prozac, Percocet, Ritalin, or any other medication prescribed by a physician on school property or at a school sponsored function, may be subject to expulsion from Mansfield Public Schools.

**ELECTRONIC MEDIA & COMMUNICATION DEVICES #IJNDB**

The use of electronic media devices (CD players, MP3 players, radios, video game players, and any other electronic media devices) and electronic communication devices (cellular phones and other communication devices) are prohibited in the Mansfield Public Schools during the school day and during detentions. Electronic media devices should be secured and turned off upon entering the building, before the start of classes until exiting the building at the end of the day. If a student is using electronic media devices or electronic communication devices during the school day, the equipment may be confiscated, secured in the main office, and returned to the student or his/her parent. Repeated violations may result in disciplinary action, including detention and/or suspension.

In the event that a parent deems it necessary for his/her child to use an electronic communication device in school, the parent must request, in writing, permission from the principal. This request must include the reason and the length of time for which the device is needed. All requests are subject to approval at the discretion of the principal. Mansfield Public Schools will not be held financially responsible if a device is lost or stolen.

**ELECTRONIC VIDEO & STILL-IMAGE DEVICES #IJNDB**

The unauthorized use of electronic video devices (handheld video camcorders, video cellular phones, and other electronic video or electronic still image devices) is prohibited at all times in the Mansfield Public Schools. If an unauthorized student uses an electronic video or still-image device, the equipment may be confiscated, secured in the main office, and returned to his/her parent. Any unauthorized capture or distribution of electronic video or still images may result in a suspension and/or possible prosecution by the Mansfield Police Department.

The Mansfield Public Schools recognize and support student efforts to capture images that serve as nostalgic reminders of their high school years. Yearbook and Scoop staffs hold the formal responsibility for this creative endeavor, but students often want a more personal record. If students wish to use electronic video or still-image devices while on school property, they must request permission from the building administrator.
FINANCIAL OBLIGATION
Students occasionally incur financial obligations as a result of circumstance or willful misbehavior. Lost books, lost locks, misplaced and or damaged athletic clothing, supplies and equipment, or punitive assessments as the result of vandalism or negligence can result in such financial obligations. Underclassmen who fail to clear their financial obligations prior to school’s opening in the fall shall have their class schedules withheld until restitution is made. Seniors who fail to clear their financial obligations shall have their diplomas withheld until restitution is made.

HAZING #JICFA-E
In accordance with Massachusetts General Laws, Ch. 269, Sec. 17, hazing is not permitted. It is a crime to participate in or to organize hazing, or for a person at the scene of such a crime to fail to report the incident. Any student involvement in an act of hazing may face a suspension of up to ten days, as well as referral by the Superintendent of Schools to the School Committee with all legal requirements prescribed, including possible expulsion from school.

In accordance with Massachusetts General Laws, Ch. 269, Sec.17, whoever is a principal organizer or participant in the crime of hazing, as defined herein, shall be punished by a fine of not more than three thousand dollars or by imprisonment in a house of correction for not more than one year, or by both such fine and imprisonment.

The term "hazing" as used in this section and in sections eighteen and nineteen, shall mean any conduct or method of initiation into any student organization, whether on public or private property, which willfully or recklessly endangers the physical or mental health of any student or other person. Such conduct shall include whipping, beating, branding, forced calisthenics, exposure to the weather, forced consumption of any food, liquor, beverage, drug or other substance, or any other brutal treatment or forced physical activity which is likely to adversely affect the physical health or safety of any such student or other person, or which subjects such student or other person to extreme mental stress, including extended deprivation of sleep or rest or extended isolation. Notwithstanding any other provisions of this section to the contrary, consent shall not be available as a defense to any prosecution under this action.

In accordance with Section Eighteen (18), whoever knows that another person is a victim of hazing as defined in section seventeen and is at the scene of such crime shall, to the extent that such person can do so without danger or peril to himself or others, report such crime to an appropriate law enforcement official as soon as reasonably practicable. Whoever fails to report such crime shall be punished by a fine of not more than one thousand dollars.

In accordance with Section Nineteen (19), each institution of secondary education and each public and private institution of post secondary education shall issue to every student group, student team or student organization which is part of such institution or is recognized by the institution or permitted by the institution to use its name or facilities or is known by the institution to exist as
an unaffiliated student group, student team or student organization, a copy of this section and sections seventeen and eighteen, provided, however, that an institution's compliance with this section's requirements that an institution issue copies of this section and sections seventeen and eighteen to unaffiliated student groups, teams or organizations shall not constitute evidence of the institution's recognition or endorsement of said unaffiliated student groups, teams and organizations.

Each such group, team or organization shall distribute a copy of this section and sections seventeen and eighteen to each of its members, plebes, pledges or applicants for membership. It shall be the duty of each such group, team or organization, acting through its designated officer to deliver annually, to the institution an attested acknowledgment stating that such group, team or organization has received a copy of this section and said sections seventeen and eighteen, that each of its members, plebes, pledges, or applicants has received a copy of sections seventeen and eighteen and that such group, team or organization understands and agrees to comply with the provisions of this section and sections seventeen and eighteen.

Each institution of secondary education and each public or private institution of post secondary education shall file, at least annually, a report with the regents of higher education and in the case of secondary institutions, the board of education, certifying that such institution has complied with its responsibility to inform student groups, teams or organizations and to notify each full time student enrolled by it of the provisions of this section and sections seventeen and eighteen and also certifying that said institution has adopted a disciplinary policy with regard to the organizers and participants of hazing, and that such policy has been set forth with appropriate emphasis in the student handbook or similar means of communicating the institution's policies to its students. The board of regents and, in the case of secondary institutions, the board of education shall promulgate regulations governing the content and frequency of such reports, and shall forthwith report to the attorney general any such institution that fails to make such report.

Under the provisions of this section, no school or school district within the commonwealth shall be required to admit such student or to provide educational services to said student. If the student does apply for admission to another school or school district, the superintendent of the school district to which application is made may request and shall receive from the superintendent of the school expelling said student a written statement of the reason for said expulsion.

**LOCKER POLICY #JIHA**

As a condition of usage of a school locker, students are advised that the school administration reserves the right to inspect a student’s locker if necessary to maintain the integrity of the school environment, to protect other students, or to enforce safety regulations. As such, there should be no expectation of privacy in any locker, desk, or other property belonging to the Mansfield Public Schools. Please see Search and Seizure section for further information.
Every student shall be issued a school-assigned locker and a school-assigned lock on the first day of school. Students are not permitted to access any locker other than their school-issued locker, and cannot replace the school issued lock with their own lock. It is expected that a student will keep his/her locker locked.

**SCHOOL BUS RULES & REGULATIONS #JICC & EEAEC**

The Mansfield Public Schools determines student eligibility and provides bus transportation to eligible students. The school day begins when the student boards the bus and ends when the student gets off the bus. During this entire period the students are under the jurisdiction of the school administration.

Whenever seats are declared available on a regular (not special education) school bus, and when the route timing will not be adversely affected, the school department may make said seats available to non-eligible students in grades K-6 residing less than two miles from school and to all students in Grades 7 through 12 on a PAY-N-RIDE basis.

- In accordance with Massachusetts Law, Ch. 71, Section 68, as most recently amended, only students in Grades K through 6 residing two or more miles from their assigned school are eligible for free transportation services.
- Students may have to walk up to a half mile to their bus stop.
- Students who are bus riders must have written permission signed by the principal before they will be allowed any short-term change in their assigned bus. A short-term change will be done on an emergency basis only, such as for illness or a mechanical car problem.
- Students are normally assigned to bus transportation to and from their home address. Parents/guardians may request transportation for a child to and/or from an address other than home. A child may be picked up at a different location than he/she is dropped off at as long as the location is the same five days per week. For example, a student may be picked up at home every morning and dropped off at a day care location every afternoon. To make this request, a parent/guardian must complete a Bus Change Form in the school office. Requests are granted on a space-available basis through the Central Office, and must be completed yearly. Applications are available in the school office. A list of streets that are less than 2.0 miles is posted in all the Mansfield Public Schools, at the Mansfield Public Library and at the Mansfield Town Hall.
- Late Bus transportation may be provided in addition to the regular bus runs. Late Bus services are intended to encourage students to extend the scholastic requirements of the regular school day as well as to participate in after school athletic and student activities. Students must either be eligible for regular bus transportation or have paid a Late Bus service fee to ride the Late Bus.
- The Pay -N-Ride fees are as follows:
First Student..............$225 for the year  
Second Student...........$200 for the year  
Third Student.............$150 for the year  
Maximum per Family.......$575  
*Please check with the Central Office for information regarding late fees and discounts.

- Parents/guardians must provide transportation when a student stays for after school programs, extra help, discipline, etc. If a late bus is not available, one-day notice will be given so that the parent/guardian can make arrangements for transportation.

Remember that it is a privilege to ride the school bus. If a student is not well behaved and courteous, or if he/she endangers the health or safety of other pupils, this privilege may be revoked. The bus driver has complete authority over students during the time it is his/her responsibility to deliver them safely to and from school. All school rules apply when students ride the buses. Misconduct of any kind on buses may result in suspension and/or exclusion from the bus.

Any students disregarding the regulations shall be reported by the bus driver to the school principal, who shall take the necessary action to see that such a disregard does not occur again. Such action may mean that the violator forfeits his/her privilege to ride the bus for a period of time in accordance with the school policy.

These rules of behavior must be obeyed:
- Students should be at their assigned stops in advance of the posted time for the bus arrival.
- Students are to remain well back from the roadway while awaiting the arrival of the bus. The bus will start loading only at the direction of the driver.
- Students waiting for buses shall not go on private property or cause any damage to such property as this might lead to a civil action by the owner of that property against the student or students.
- There will be no standing on the bus. Students shall enter the bus in an orderly fashion and go directly to a seat and remain seated until their destination is reached and the bus is stopped.
- Students shall cooperate with and be courteous to the driver and fellow students.
- There shall be no littering or defacing of the buses or the property of other students.
- No disturbing the driver by any means. There shall be no eating, drinking, shouting, vulgar language, roughhousing, or throwing things on the bus.
- Students shall keep their hands, arms, and heads inside the bus.
- All articles such as athletic equipment, books, musical instruments, etc., must be kept out of the aisles.
• The emergency door is to be used for EMERGENCY ONLY! Students must not touch safety equipment on the bus.

• Students shall be picked up and unloaded only at their regularly scheduled stops.

Special Education students shall be transported on special education vehicles or regular school buses in accordance with the specifications of their Individualized Educational Program and in conformance with applicable state requirements.

SEXUAL HARASSMENT/BULLYING/HARASSMENT (Unless otherwise defined by Massachusetts General Law) #ACAB, JBA & JICFB

Sexual Harassment

According to Title IX of the Educational Amendments of 1972, sexual harassment is a form of discrimination and is illegal. Sexual harassment includes unwelcome sexual advances, request for sexual favors, and other verbal and physical conduct of a sexual nature, which creates an intimidating, hostile, or offensive educational environment.

All persons associated with the Mansfield Public Schools including, but necessarily limited to, the Committee, the administration, staff, and students, are expected to conduct themselves at all times so as to provide an atmosphere free from sexual harassment. Any person who engages in sexual harassment while acting, as a member of the school community, will be in violation of this policy. Further, any retaliation against an individual who has complained about sexual harassment or retaliation against individuals for cooperating in an investigation of a sexual harassment complaint is similarly unlawful and will not be tolerated.

Because the Mansfield School Committee takes allegations of sexual harassment seriously, we will respond promptly to complaints of sexual harassment and where it is determined that such inappropriate conduct has occurred, we will act promptly to eliminate the conduct and impose such corrective action as is necessary, including disciplinary action where appropriate.

Please note that while this policy sets forth our goals of promoting a workplace and school environment that is free of sexual harassment, the policy is not designed or intended to limit our authority to discipline or take remedial action for workplace or school conduct which we deem unacceptable, regardless of whether that conduct satisfies the definition of sexual harassment.

Definition of Sexual Harassment: Unwelcome sexual advances; requests for sexual favors; or other verbal or physical conduct of a sexual nature may constitute sexual harassment where:
1. Submission to such conduct is made either explicitly or implicitly a term or condition of a person’s employment or educational development.
2. Submission to or rejection of such conduct by an individual is used as the basis for employment or education decisions affecting such individual.
3. Such conduct has the purpose or effect of unreasonably interfering with individual’s work or educational performance or creating an intimidating, hostile, offensive working or educational environment.

**The Grievance Officer: (Ed Vozzella, 2 Park Row, 508-261-7503)**
The committee will annually appoint a sexual harassment grievance officer who will vested with the authority and responsibility of processing all sexual harassment complaints in accordance with the procedure set out below:

**Complaint Procedure:**

1. Any member of the school community who believes that he/she has been subjected to sexual harassment will report the incident(s) to the grievance officer. All complaints shall be investigated promptly and resolved as soon as possible.
2. The grievance officer will attempt to resolve the problem in an informal manner through the following process:
   a. The grievance officer will confer with the charging party in order to obtain a clear understanding of that party’s statement of the facts, and may interview any witnesses.
   b. The grievance officer will then attempt to meet with the charged party in order to obtain his/her response to the complaint.
   c. The grievance officer will hold as many meetings with the parties as is necessary to establish the facts.
   d. On the basis of the grievance officer’s perception of the situation he/she may:
      - Attempt to resolve the matter informally through reconciliation.
      - Report the incident and transfer the record to the Superintendent or his/her designee, and so notify the parties by certified mail.
3. After reviewing the record made by the grievance officer, the Superintendent or designee may attempt to gather any more evidence necessary to decide the case, and thereafter impose any sanctions deemed appropriate, including a recommendation to the committee for termination or expulsion. At this stage of the proceedings the parties may present witnesses and other evidence, and may also be represented. The parties, to the extent permissible by law, shall be informed of the disposition of the complaint. All matters involving sexual harassment complaints will remain confidential to the extent possible. If it is determined that inappropriate conduct has occurred, we will act promptly to eliminate the offending conduct.
4. The grievance officer, upon request, will provide the charging party with government agencies that handle sexual harassment matters.

**BULLYING**

Bullying and harassment are major distractions from learning. The grades of the victims can suffer. Fear can lead to chronic absenteeism, truancy, or even dropping out of school. Bystanders feel both guilty and helpless for not standing up to the bully.

As a rule, bullying behavior starts in elementary school and peaks in the middle school years. However, it attracts more attention from adults when it appears in high school. There the students are older and physically larger and the behavior is recognized as being less tolerable and more inappropriate. Also, sexual harassment is, in fact, often a form of bullying. As defined by Massachusetts General Law, adult to student harassment has been included in the definition of Bullying.

Most bullying by students starts out verbally – teasing and put-downs – and may become progressively worse assuming physical dimensions.

Bullying of any type has no place in a school setting. The Mansfield Public Schools will endeavor to maintain a learning and working environment free of bullying.

Bullying is defined as the act of one or more individuals intimidating one or more persons through verbal, physical, mental, or written (which include texting, blogging, and the use of other technological means) interactions. Bullying can take many forms and occur in virtually any setting. It can create unnecessary and unwarranted anxiety that will affect attending school, walking in corridors, eating in cafeterias, playing in the school yard or recreating areas, participating in or attending special and extra-curricular activities, or riding on the bus to and from school each day.

Examples of bullying include but are not exclusive to:

1. Intimidation, either physical or psychological.
2. Threats of any kind, stated or implied.
3. Assaults on students, including those that are verbal, physical, psychological and emotional.
4. Attacks on student property.

The school committee expects administrators and supervisors to make clear to students and staff that bullying in the school building, on school grounds, on the bus or school sanctioned transportation, or at school-sponsored functions will not be tolerated and will be grounds for disciplinary action up to and including suspension and expulsion for students, and termination for employees.
The district will promptly and reasonably investigate allegations of harassment, including bullying. The Principal of each building will be responsible for handling all complaints by students alleging harassment, including bullying.

The Superintendent will develop administrative guidelines and procedures for the implementation of this policy.

**STUDENT – TO – STUDENT HARASSMENT**

Harassment of students by other students will not be tolerated in the Mansfield Public Schools. This policy is in effect while students are on school grounds, school district property or property within the jurisdiction of the school district, school buses, or attending or engaging in school activities.

Harassment prohibited by the district includes, but is not limited to, harassment on the basis of race, sex, creed, color, national origin, sexual orientation, religion, marital status or disability. Students whose behavior is found to be in violation of this policy will be subject to disciplinary action up to and including suspension or expulsion.

Harassment means conduct of a verbal, written, or physical nature that is designed to embarrass, distress, agitate, disturb or trouble students when:

- Submission to such conduct is made either explicitly or implicitly a term or condition of a student’s education or of a student’s participation in school programs or activities;
- Submission to or rejection of such conduct by a student is used as the basis for decisions affecting the student, or;
- Such conduct has the purpose or effect of unreasonably interfering with a student’s performance or creating an intimidating or hostile learning environment.

Harassment as described above may include, but is not limited to:

- Verbal, physical or written (which includes texting, blogging, or other technological methods) harassment or abuse;
- Repeated remarks of a demeaning nature;
- Implied or explicit threats concerning one’s grades, achievements, or other school matter.
- Demeaning jokes, stories, or activities directed at the student.

The district will promptly and reasonably investigate allegations of harassment. The Principal of each building will be responsible for handling all complaints by students alleging harassment.

Retaliation against a student because a student has filed a harassment complaint or assisted or participated in a harassment investigation or proceeding is also prohibited. A student who found to have retaliated against another in violation of this policy will be subject to disciplinary action up to and including suspension and expulsion.
The Superintendent will develop administrative guidelines and procedures for the implementation of this policy.

**HEAD INJURY MANAGEMENT POLICY**

The Mansfield Public Schools Head Injury Management Policy provides information and standardized procedures for Mansfield Public Schools and Mansfield Public Schools staff, families and students dealing with diagnosed or suspected head injuries. These procedures include measures addressing prevention, training, management and return to activity decision. Our policy and procedures address sports-related head injuries occurring in extracurricular athletic activities but will also be applied to all head injuries in students regardless of causation or source.

Head injuries and concussions can have serious consequences for students, including long term health and educational issues. Proper management of such incidences can help maximize recovery. Early recognition of a head injury/concussion is essential to safe management and to the ultimate goal of a return to normal physical and academic functioning.

Seasonally-updated health history information is collected and reviewed for every student participating in athletic activities. Concussion training is required and documented annually for athletic staff, school nurses, students participating in school athletic activities and their parents.

Suspected concussions that occur during school activities are reported immediately to families for referral to a provider. Care and management of head injuries in the school setting requires collaboration between families, school nurses, coaches, athletic trainer if available, primary care physicians, consulting athletic and school physicians, athletic director, administrators and counselors.

The MHS student body elects five students annually to form the Student Advisory Council. Advised by the Principal, the SAC chairperson or designee represents the student body at School Committee meetings as an ex-officio non-voting member of the School Committee. In addition, the SAC is always available to the faculty for student input.
Student Council

The Mansfield High School Student Council exists to promote civic responsibility, leadership, scholarship and human relations. Student Council serves two distinct functions, a legislative role and a service role.

The legislative purpose of the Student Council is for the individual council members to represent the interests of the student body. Members review and respond to feedback from the student body and, if necessary, act as liaison when student issues need to be discussed with school administration. Student feedback is welcome and is discussed at formal Student Council meetings.

Providing service to the students, the school and the community is the primary purpose of the Student Council. The Student Council is at the heart of many high school and community activities, sponsoring a wide variety of services and activities throughout the year to promote citizenship, scholarship, leadership, human relations and cultural values. The council also represents the student body at many special school functions. The Student Council welcomes any and every student whom wishes to assist in either a legislative or service capacity to join our group.

Student Services Corps (SSC)

The SSC exists to provide ALL students at MHS with easy access to meaningful service projects across the region. Events are run at least once a month and meetings held once a week. Members may join at any time.

Stylus/Writers’ Forum

The Stylus is a collection of poems and stories written, plus original artwork produced by Mansfield High School students. All students are invited to submit their works. Enrollment in the editorial staff is always open.

Violence Prevention Peer Leadership

All MHS students may apply to be a peer leader. The group will be trained on issues relating to violence prevention. Students are encouraged to join to expand their communication and social skills. Activities will include preparing presentations to elementary/middle school students as well as planning various events designed to promote peace in our schools and in our community. The group meets weekly, and is a great opportunity to meet new people.

The Yearbook is created by the Graphic Design/Yearbook class and is a 2 trimester course. Students in this course create the yearbook and the spring supplement. 5. STUDENT-ATHLETE CONDUCT
It is expected that all student-athletes at Mansfield High School conduct themselves in a manner that reflects pride, respect and a high level of citizenship. Unacceptable conduct will not be tolerated. Examples of this behavior are theft, vandalism, disrespect, unsportsmanlike conduct, fighting, bullying, immorality, violation of the law, and discrimination. These acts will tarnish the reputation of everyone associated with the team, school and community. The Coaches, Athletic Director, and Principal will determine the penalty for this offense. The penalty will range from partial to total exclusion from the athletic program.

6. M.I.A.A. CHEMICAL HEALTH RULE
From the first allowable day of fall practice to the end of the academic year, whichever is longer, a student shall not, regardless of the quantity, use, consume, possess, buy/sell or give away any beverage containing alcohol; any tobacco product; marijuana; steroids; or any controlled substance. This policy includes products such as "NA" or "near beer." It is not a violation for a student to be in possession of a legally defined drug specifically prescribed for the student’s own use by his or her doctor. If a student in violation of this rule is unable to participate in interscholastic sports due to injury, academics, or other reasons unrelated to this rule violation, the penalty will not take effect until that student is otherwise able to participate again.

Any student who voluntarily remains at a place where they know or should know that alcoholic beverage(s), marijuana, steroids, or any controlled substance is being illegally consumed, possessed, bought, sold, or given away, (as documented in a police report) shall be considered to be in violation of this policy.
THE MINIMUM PENALTIES ARE:

- First Violation: When the Principal confirms, following an opportunity for the student to be heard, that a violation occurred, the student shall lose eligibility for the next consecutive interscholastic contest totaling 25% of all interscholastic contests in that sport. For the student, these penalties will be determined by the season the violation occurs. No exception is permitted for a student who becomes a participant in a treatment program. It is recommended that the student be allowed to remain at practice for the purpose of rehabilitation. All decimal parts of an event will be truncated, i.e., all fractional parts of an event will be dropped when calculating the 25% of the season. The student must complete the season in good standing in which the penalty for the violation has been served.

- Second and Subsequent Violations: When the Principal confirms, following an opportunity for the student to be heard, that a second or subsequent violations have occurred, the student shall lose eligibility for the next consecutive interscholastic contests totaling 60% of all interscholastic contests in that sport. For the student, these penalties will be determined by the season in which the violation occurs. All decimal parts of an event will be truncated, i.e., all fractional parts of an event will be dropped when calculating the 60% of the season. If after the second or subsequent violations the student of his or her own volition becomes a participant in an approved chemical dependency program or a treatment program, the student may be certified for reinstatement in MIAA activities after a minimum of 40% of the events of that season. The director or a counselor of a chemical dependency treatment center must issue certification of the student’s attendance in such program. Any fractional part of the events of the season shall be dropped when calculating the 40% of the season.

- Penalties shall be cumulative each academic year. If the penalty period is not completed during the season of violation, the penalty shall carry over to the student's next season of actual participation, which may affect the eligibility status of the student during the next academic year.

7. MIAA BONA FIDE TEAM MEMBER RULE

A bona fide member of the school team is a student who is regularly present for, and actively participates in, all team practices and competitions. Bona fide members of a school team are precluded from missing a high school practice or competition in order to practice or compete with an out-of-school team.

- Penalties: For the first offense, any student who violates this rule shall lose eligibility for the next consecutive interscholastic contests totaling 25% of all interscholastic contests in that sport. This penalty is effective from the date of his or her last participation in a high school sport. The second offense will result in the loss of 25% of all interscholastic events in the season and the student will become ineligible for the MIAA tournament in that sport for that season.
8. TEAM SELECTION
Mansfield High School Athletics makes every effort to include as many students as possible. However, there are some sports where team membership is limited. If a student is cut from a sport they are encouraged to join another sport during the same season. Once team selections have been finalized a student may not quit a team and join another team during the same season.

9. INSURANCE
The Mansfield Public School System provides insurance coverage for those participating in high school interscholastic athletics. This policy covers the expenses incurred for each injury or accident that are not covered by any family plan. The Mansfield Athletic Department makes every effort to provide a safe environment at all practices and games. However, because of the nature of athletics, injuries may occur.

10. SCHOOL ATTENDANCE
To participate in a practice or game, a student must be in school a total of 3 hours. Extenuating circumstances must be presented to the Principal by the parent, in writing, prior to the practice or game, in order for the student to participate. The Principal will respond immediately to the request.

11. SUSPENSIONS - (Out-of-school)
Any student suspended from school may not practice, play or be with the team on the day(s) in which he/she is serving the suspension. Any student-athlete who is suspended from school, will not be allowed to play in the next scheduled competition. Students who serve a Saturday detention will not be suspended from a game or practice.

12. EQUIPMENT RESPONSIBILITIES
Students are responsible for returning all school issued equipment and uniforms immediately after the season ends. Students are financially responsible for any missing equipment. They will not receive their end of season awards or new season equipment until this responsibility has been met. Additionally, such financial obligation may prevent a student from receiving class schedules, materials, or, for seniors, graduation.

13. SEASON LIMITS
Mansfield High School adheres to the season limits as set by the MIAA. Fall practice may begin for all teams as early as the second Thursday preceding Labor Day. Football must precede their initial contact practice day with an additional three days of single non-contact sessions. The first day of practice for the winter season may begin on the Monday after Thanksgiving. The first day of practice for the spring season may begin on the third Monday in March. Each season will end upon completion of the schedule or tournament play.

***No team may practice or compete under the supervision of an athletic staff member between seasons as defined above. The Mansfield School Committee does not sponsor any student activity or preparation prior to these dates and school department personnel will not be authorized to participate in such activities.
14. ATTENDANCE AT PRACTICE
All athletes are expected to attend every practice and game. An excused absence from any practice will not result in penalization. Any absence without prior approval from the coach will be deemed an unexcused absence. The penalty for an unexcused absence is as follows:
First Offense and Second Offense - The student may be suspended from the next contest. He or She must attend the game with the team.
Third Offense - The student may be dismissed from the team.

15. WEEKEND PRACTICE
Teams may practice only once (Saturday or Sunday) during a weekend.

16. VACATION POLICY
Vacations during the season are discouraged. Students who plan vacations during a sport season must understand that their playing time will suffer due to their absence from practices and games.
A student absent from a practice or a game due to a vacation with his/her family must:
• Notify the head coach prior to the season, with a note from his/her parent(s).
• Be willing to assume the consequences regarding their status as a starter, 2nd string, etc.
A student absent from a practice or a game due to a vacation apart from his/her family must:
• Notify the head coach prior to the vacation, with a note from his/her parent(s).
• Practice one day for each practice and contest missed prior to returning to competition.
• Be willing to assume the consequences regarding their status as a starter, 2nd string, etc.

17. TRANSPORTATION
Transportation is provided to all athletic contests. Students are expected to ride with their teams. If an unusual circumstance occurs and a parent must transport his/her child, they must notify the athletic director in advance with a written note.

18. FUND RAISING
Team members are expected to participate in all team fundraising activities. The money collected must be turned in to the coach by the set deadline.
***The purpose of this rule is to insure that everyone on the team does his or her fair share in fundraising efforts. The money collected is used for end of season banquets, special awards etc. All team members benefit from fundraising activities.***
Donations to a coach’s gifts and/or senior gifts are optional and voluntary.
Please refer to Ethics Gift-Giving section.

CAPTAINS’ CODE
Being a Captain is the highest honor an athlete can receive. Teammates have chosen this individual as a Captain because they look to him/her for leadership. Therefore, there is a great responsibility that goes along with being a Captain. The position may not always be fun but it will always be gratifying.
A Captain must be a leader and role model on and off the field/court. A Captain represents the team, coach, school and community. A captain must take pride in the program by setting an example as a team motivator and being the hardest worker. Captains must help build and maintain team morale and school spirit. A Captain begins his or her tenure as soon as the head coach makes the election results public.

A student may lose his or her position as Captain at any time for the following reasons:

- Violation of the Chemical Health Rule
- Truancy

   - Violation of the Chemical Health Rule
   - Truancy
   - Level II or III disciplinary actions
   - Not living up to the standards of the captains code
   - or for other reasons deemed suitable by the principal or athletic director

If a junior violates one of the stated offences, they can earn the privilege of being on the ballot to be elected captain if they complete one of the following:

- MIAA leadership course, to be paid for by student athlete
- Minimum of 10 hours of Community Service, approved by the Athletic Director with signed documentation from the organization.

2. When the number of captains for the sport cannot be satisfied due to the lack of potential seniors, it is at the discretion of the coach to open the election to all team members.

Number Of Captains:
The number of captains for any interscholastic sport shall be determined by the head coach. The coach can consult the Principal or Athletic Director for guidance when setting the number of team captains for a season.

1. 2. No student shall be excluded from any school program or school-sponsored activity because of pregnancy except when required by health considerations, or because of marital or parental status, except when the educational process would be disrupted.

3. Hate crimes are a form of discrimination. A hate crime is a crime in which the perpetrator’s conduct is motivated, in whole or in part, by hatred, bias, or prejudice against an individual’s or group’s actual or perceived race, color, national origin, ethnicity, religion, sexual orientation, disability, or gender.

ETHICS-Gift Giving-Personal #GBEBC

State ethics and conflict of interest law limit the personal gifts that staff, teachers, and coaches are allowed to accept as public employees. The School Committee does not want district employees to be put into a position where they cannot or should not accept gifts of value from well-intended, grateful
families. Acceptance of gifts under these circumstances may give the appearance to some of favoritism of one student or one group of students over another. Moreover, the acceptance of gifts may make gift-giving to staff members appear to be a routine feature of school life, thereby placing those with fewer financial resources at a real or perceived disadvantage. When families, students, and others wish to express personal appreciation to a teacher, coach, or other staff member, the School Committee urges them to find modes of expression that do not involve personal gifts. The School Committee endorses the writing of letters to staff members expressing gratitude and appreciation for their work. These guidelines are as follows:

- Massachusetts General Law Chapter 268A and state ethics commission rules prohibit all public employees from receiving personal gifts of “substantial value”, which according to the regulations is $50.00 or more. This includes meals, tickets, services rendered, holiday gifts etc.

**ETHICS-Gift Giving – Class #GBEBC**

An exemption exists for “class gifts”, whereby a public school teacher is allowed to accept a personal gift or several gifts during the school year, from a class, club/activity or team, with a total value of up to $150, if a group of students and/or parents wish to pool their contributions toward a group gift. Such a gift must be identified only as being from the class, and the identity of givers and amounts given are not identified to the recipient. Class gifts remove the possible conflict of interest in gifts, as the teacher would have no knowledge of the individual amounts contributed or by whom.

**HOMELESS STUDENTS #JFABD**

To the extent practical and as required by law, the district will work with homeless students and their families to provide stability in school attendance and other services. Special attention will be given to ensuring the enrollment and attendance of homeless students not currently attending school. Homeless student will be provided district services for which they are eligible, including Head Start and comparable pre-school programs, Title I, similar state programs, special education, bilingual education, vocational and technical education programs, gifted and talented programs and school nutrition programs. Please refer to the full policy posted on the district web site for definition and eligibility requirements.

**FAMILY EDUCATIONAL RIGHTS AND PRIVACY #JRA**

The Family Educational Rights and Privacy Act (FERPA) and the Massachusetts Student Records Regulations afford parents/guardians and eligible students certain rights regarding student educational records. These rights include:

1. To inspect and review the education records of a student within ten (10) days of the day the school system receives a written request. Parents/guardians or eligible students should submit to the school principal or other appropriate school official a written request that
identifies the record(s) that they wish to inspect. The principal will make arrangements for access and notify the parent/guardian or eligible student of the time and place where the records may be inspected. The school department may charge a reasonable copying fee.

2. To ask the Mansfield Public Schools to amend a record, parents/guardians or eligible students should write to the school principal and clearly identify the part of the record that they want changed. If the school system decides not to amend the record as requested by the parent/guardian or eligible student, the school system will notify the parent/guardian or eligible student of the decision and advise him/her of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. Complaints regarding student records issues may be sent to Family Policy Compliance Office, U. S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-4605.

The Mansfield Public Schools may provide certain directory information consistent with the Massachusetts Student Records Regulations unless a parent notifies the school district in writing that he or she does not wish the district to release such information (see Authorization for Release of Student Records section for further details).

Under the No Child Left Behind Act, the Mansfield Public School System releases the information that military recruiters may obtain from school districts concerning juniors and seniors. The released information consists of students’ names, addresses and telephone numbers. Students or their parents may elect to opt out of this disclosure by notifying the Guidance Office in writing at any time.

**STUDENT RECORDS #JRA & JRA-R**

**Accessibility**

In the Mansfield Public Schools, student records are maintained in accordance with the Massachusetts Student Records Regulations. The Student Record consists of the school transcript and the temporary record. The temporary record includes all information that is organized according to the student name, is relevant to the educational needs of the student and is kept by the school. The parent/guardian of a student, and an eligible student who is at least fourteen (14) years of age or has entered the Ninth Grade, has the right to inspect all portions of the student record upon request to the principal. The record must be made available to the parent/guardian or eligible student not later than two consecutive workdays after the request is made, unless the parent, guardian, or eligible student consents to a delay. Disclosure of Disciplinary Records

The Mansfield Public School system holds a responsibility of trust with regard to reporting disciplinary incidents to colleges, universities, and the armed services. This responsibility of trust requires Mansfield High School to disclose certain disciplinary records when requested. When colleges, universities or the armed services make such an inquiry, prior to releasing disciplinary records Mansfield High School shall abide by the provisions of the state student record regulations. Once written permission from the parent or legal guardian has been obtained, Mansfield shall release only those disciplinary incidents that resulted in an external suspension.

Medical Records

During the time a student is enrolled in a school, the principal or his/her designee shall periodically review and destroy misleading, outdated, or irrelevant information contained in the temporary record provided that the eligible student and his/her parent are notified in writing and are given opportunity to receive the information or a copy of it prior to its destruction. A copy of such notice shall be placed in the temporary record. The School Health and Immunization Record is considered part of the temporary record.

Students are provided the opportunity to sign for and take possession of their School Health and Immunization Record during the last few weeks of their senior year. The Mansfield Public School system does not retain a copy of this record, and any unclaimed record is destroyed.

Authorization for Release of Student Records

In accordance with the Commonwealth of Massachusetts Regulations 603 CMR 23.02, the Mansfield Public Schools may release certain information concerning students and parents/guardians to third parties without first obtaining consent, unless the parent / guardian or eligible student notifies the Mansfield Public Schools in writing that they do not want such information to be released. "Third parties" are defined in these regulations to be "...any person, private or public agency... or organization other than the eligible student, his/her parent, or authorized school personnel". For example, third parties to whom the Mansfield Public Schools may release student record information would include Parent Teacher Organizations and newspapers that report on student activities, etc.

The information that may be released is limited to the following: student's name, address, telephone listing, date and place of birth, major field of study, dates of attendance, weight and height of members of athletic teams, class,
participation in officially recognized activities and sports, degrees, honors and awards, and post-high school plans.

Students fourteen (14) years of age or older or who have entered Grade Nine are entitled to receive notification regarding the release of student record information. Parents/guardians who do not wish this information concerning their children and themselves to be released without their consent may complete and sign a school form to indicating.

**Amendment or Deletion of Records**
A parent/guardian or eligible student has the right to add relevant comments, information or other written material to the Student Record. In addition, the parent/guardian or eligible student has the right to request that information contained in the record be amended or deleted except for information inserted in the record by a Team Evaluation. The parent/guardian or eligible student has a right to a conference with the school principal for the purpose of objecting to information contained in the record. Within a week after such a conference, the principal must render a decision in writing on the objection. **Destruction of Records**

The transcript of a student may be destroyed no sooner than sixty (60) years after the student leaves the school system. A school principal or his/her designee may destroy misleading, outdated or irrelevant information contained in the temporary record during the time the student is enrolled in the school system, provided the parent/guardian or eligible student has been notified in writing and given the opportunity to inspect and copy any of the information prior to its destruction.

**SPECIAL EDUCATION #IHB**
All students in the Mansfield Public Schools are provided with a free and appropriate education in accordance with the federal Education of All Handicapped Children law and the Commonwealth of Massachusetts Regulations Section 28. In each school building, the Massachusetts Special Education Regulations are available for review. No cost evaluations to identify special education needs are provided for children from age three (3) through twenty-one (21) who have a disabling condition and have not yet obtained a high school diploma. An Individualized Educational Program (IEP) is developed by an Evaluation Team and implemented for students with an identified disabling condition that interferes with effective progress in regular education. Special education students are expected to comply with all the rules of behavior and discipline unless modifications to these rules are indicated in the student's Individualized Educational Program.
Parents/guardians have the right to initiate, monitor or terminate special education for students under the age of eighteen (18). A student has the following rights regardless of his/her age.

A student has the right to stay in his/her program until an evaluation, the writing of the Individual Educational Program and any appeals of the Individual Educational Program have been completed.

A student is entitled to an equal opportunity to participate in all aspects of the school program, both academic and extracurricular, and may not be discriminated against on the basis of his/her disability.
