

## MHS Summer Reading 2020

As we enter the summer months, one of the best ways for students to remain engaged and to increase academic success in the fall, perhaps this year more than ever, is to participate in summer reading. This year's program provides a list of suggested titles for students in grades 9 through 12. Students who participate in the program will have an opportunity to receive an additional two points on their term one grade by completing an optional summer reading assignment on one of the recommended books.

We have collaborated with the Mansfield Public Library to ensure that as many summer reading options as possible are available as eBooks. Even if students don't have a library card, they can access eBooks through the Sora App by logging in with their Mansfield Public Schools Google credentials. See the instructions below to begin accessing through Sora.

Students enrolled in AP English Language and Composition or AP English Literature and Composition will have **required** summer reading assignments and will receive a separate email with those instructions.

**Here's how to access titles from the library through Sora:**

- 1 Install the Sora app from the Apple App Store or Google Play Store, or go to [soraapp.com](https://soraapp.com).
- 2 In Sora, enter your setup code: mansfieldma
- 3 Under your Profile, select **Add a public library** and enter **Mansfield Public Library**
- 4 When you are ready to borrow a title, sign in with School Google Credentials

**Sora**
